About Our Art Prints

Make your house feel like a home with Profile's curated collection of decorator wall art prints, customised to suit your space, style and decor. Proudly printed and framed here in Sydney, Australia. Our wide range of wall decor and photo art prints are available either unframed or custom framed ready to hang and delivered directly from our workshop to your home.

Unlike other online print resellers, Profile proudly produces everything in-house from our print studio and picture framing workshop in Sydney. Profile are also Australia's largest manufacturer of timber picture frames and photo frames with our own expert team of master picture framers. So you can rest assured you're buying a high quality, professional product.

- ✓ Made in Australia

Reference Guide

Decorator Art Prints

Size Guide

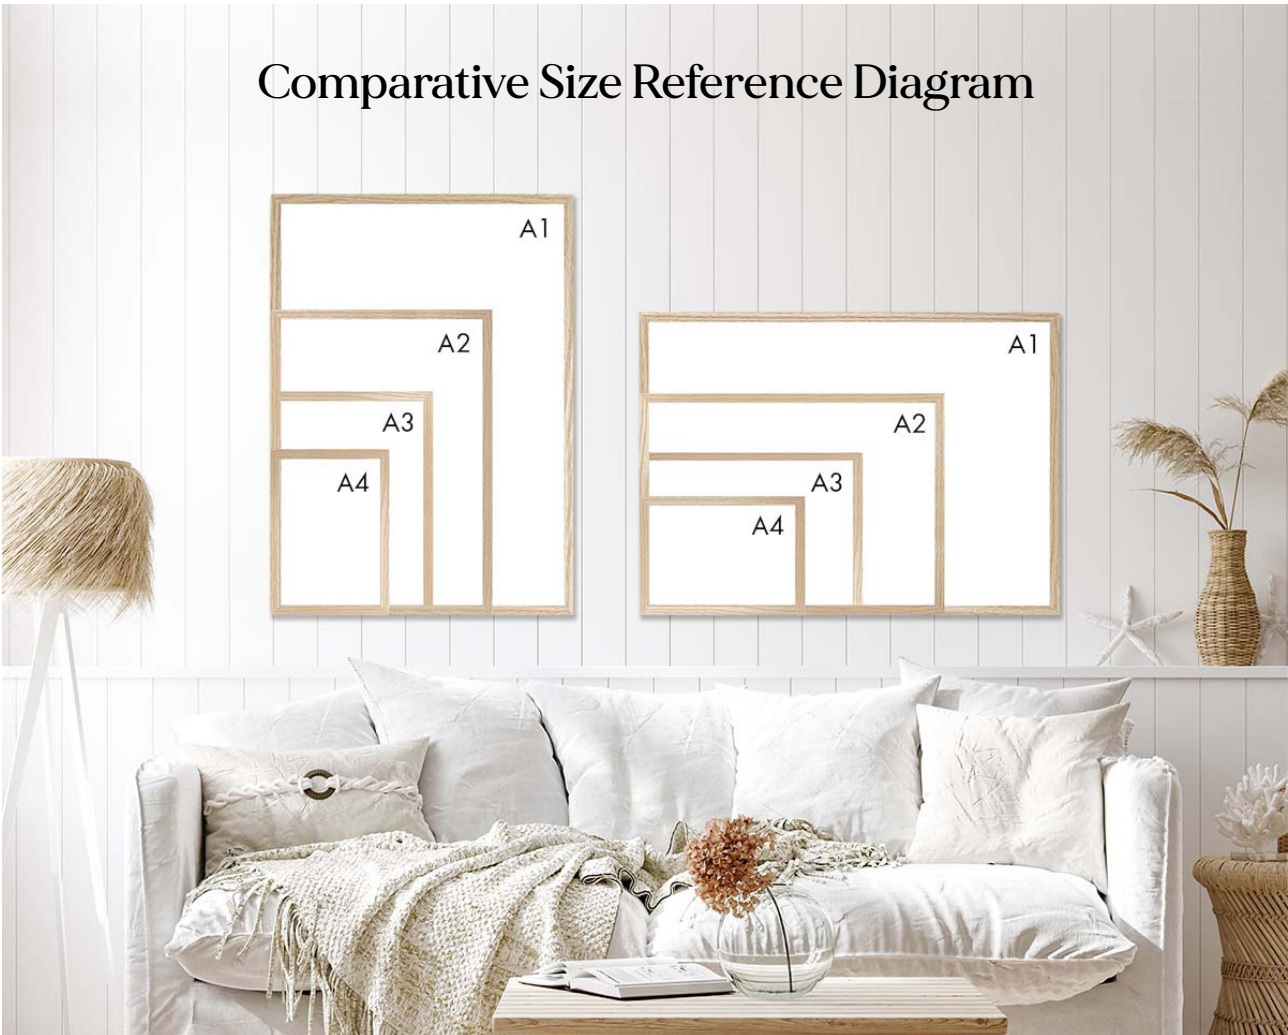

Our art prints are produced using the highest quality fade-resistant archival inks onto our premium selected, 230gsm matte paper. The sizes described are the exact size of the print itself, which comes with an option for either a white border (White Border) or printed edge-to-edge (No Border).

- ✓ Archival Quality Giclee Prints
- ✓ Fade-resistant Inks
- ✓ Premium 230gsm matte paper
- ✓ White border option available

For more accurate external frame dimensions, please see the below the Size Chart Table.

SIZE CHART & WHITE SPACE TABLE		
UNFRAMED PRINT DIMENSIONS	FRAMED PRINT EXTERNAL DIMENSIONS	OPTIONAL WHITE BORDER WIDTH
A4 (21x29.7cm)	24x32.7cm (+/- 0.5cm)	1.5cm on each side
A3 (29.7x 42cm)	32.7x45cm (+/- 0.5cm)	2.5cm on each side
A2 (42x59.4cm)	45x62.4cm (+/- 0.5cm)	3.5cm on each side
A1 (59.4x84.1cm)	62.4x87.1cm (+/- 0.5cm)	4.0cm on each side

PLEASE NOTE: when framed, a White Border on a print will be covered by approximately 0.5cm by the lip of the frame, all around the artwork. So the visible distance of white space may be less than indicated above. Also, please allow up to 0.5cm variance on external frame dimensions, as these are hand-made. Note that all frames are 3.0cm deep.

White Border Option

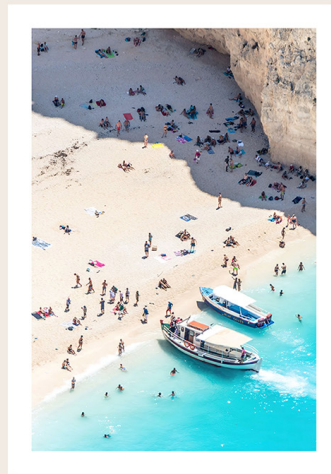

We offer the choice of either a **White Border** or **No Border**, which is printed edge-to-edge. Most people prefer the look of the White Border option, which is our default option. Selecting a White Border option will make the image itself a smaller on the paper, with additional **white space added all around the image**. The overall size of the print remains the same as specified and unchanged, including the white border.

A **white border is a popular**, decorative option which can help provide an aesthetically appealing distance between the artwork and the edge of the frame. This white border is not a matboard or a mountboard. It is just intentional **white space of the paper print**, surrounding the artwork.

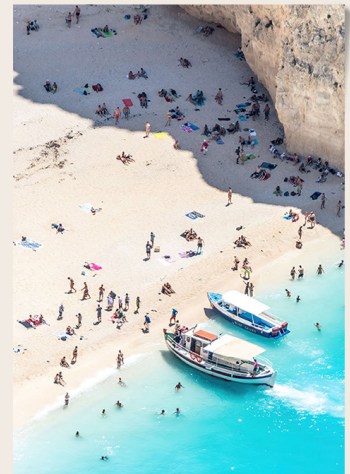

The white border distance we add will vary depending on the overall size of the artwork you choose. Refer to the Size Chart Table for print and frame dimensions, and also the specified white border distances that we apply.

Specifications

- ✓ Fade-resistant archival inks
- ✓ Premium 230gsm matte paper
- ✓ White Border or No Border
- ✓ Choice of size options
- ✓ Premium gallery-grade frame styles
- ✓ Safely shipped, ready to hang
- ✓ Eco-sustainable materials
- ✓ Made in Sydney

Decorator Art Prints

Print Information

Each giclée art print is digitally produced and made-to-order here in our print studio in Sydney, Australia. We only use the finest, **fade-resistant archival inks** onto our premium selected, 230gsm **matte paper**. This fine art paper is acid-free and thicker than your standard poster print and designed to offer the best possible colours and longevity.

Every print is available either **unframed** or professionally **custom framed** and ready to hang. Unframed art prints are safely rolled and shipped in a secure mailer tube.

Reference Guide

Decorator Art Prints

Frame Information

Each framed art print is professionally custom-framed in our Sydney workshop by our team of master picture framers using eco-sustainable materials.

Our solid timber contemporary gallery-style frames are a **deep box** profile measuring 2cm wide on the face and at least 3cm deep against the wall. Our frames are available in either a **smooth matte black**, **smooth matte white** or a **natural oak** timber finish and produced using only plantation grown, environmentally sustainable timber.

We only use the highest quality of **gallery-grade acrylic glazing** which is engineered to offer the best optical clarity, whilst being lightweight, shatter-proof and safe to handle and hang without risk of breaking. All frames are professionally finished with **metal hangers and wire**, ready-to-hang. Unframed art prints are safely rolled and shipped in a secure mailer tube.
